On behalf of *[insert organisation/indigenous people/local community name]*, I/we the undersigned (the data provider) are providing the following dataset to UNEP-WCMC for integration into the World Database on Protected Areas (WDPA) and/or ICCA (territories and areas conserved by indigenous peoples and local communities) Registry: *[insert name of dataset]*. This may include protected areas and/or other effective area-based conservation measures, and/or ICCAs aligning with neither of these categories (included in the ICCA Registry only). The dataset includes spatial boundaries and attributes relating to *[insert name of country/region/etc.]*.

Brief description of the data (including the format of the data, number of polygons and points, and any other relevant information. Please also indicate whether data is being provided for the WDPA, ICCA Registry, or both):

The WDPA is an aggregated dataset of the best available data from many sources. It is a joint product of UN Environment and IUCN, managed by UNEP-WCMC. It is used for multiple conservation purposes, as well as providing support to the Convention on Biological Diversity and the United Nations relating to environmental sustainability, and reporting on progress towards internationally-agreed environmental targets. The database is supplemented by the ICCA Registry, which stores additional information on territories and areas conserved by indigenous peoples and local communities.

Unless otherwise stated, this dataset is being provided ‘free of restrictions’¹. We, the undersigned, agree and understand that by providing data for inclusion in the WDPA it will be viewable and downloadable

¹ UNEP-WCMC may to accept data with restrictions. This includes data that is available for onward release but not for commercial use (“commercial use” means a) any use by, on behalf of, or to inform or assist the activities of, a commercial entity (an entity that operates ‘for profit’) or b) use by any individual or non-profit entity for the purposes of revenue generation), and data that is made available only to UNEP-WCMC, UN Environment and IUCN, and is not for onward release. If you wish to place restrictions on data, or require further information, please contact protectedareas@unep-wcmc.org

in accordance with the WDPA Terms and Conditions through websites operated by UNEP-WCMC and IUCN, utilised for analyses, and re-distributed to third parties for use on other platforms.

I/We confirm that I/we have the rights, permissions and authority to release this dataset to UNEP-WCMC.

The data provider has the permission of relevant stakeholders and rights-holders to share the dataset with UNEP-WCMC. Where relevant, the data provider shares the dataset with UNEP-WCMC with the free, prior and informed consent of communities and/or indigenous peoples involved in the management, governance or ownership of the sites described in the dataset. The data provider has made all reasonable efforts to ensure the accuracy of the dataset.

If the dataset is found to have been provided without the permission of the relevant stakeholders and rights-holders, it will be removed from the WDPA and/or ICCA Registry with immediate effect.

UNEP-WCMC will retain information on the name and contact details of the data provider (personal data) for the purposes of future correspondence, including queries relating to the data, and requests for updated data. UNEP-WCMC will not share personal data with third parties. UNEP-WCMC's privacy policy (<https://www.unep-wcmc.org/terms-and-conditions>) outlines in more detail how it implements relevant data protection legislation.

The designations of geographical entities in any dataset submitted to UNEP-WCMC or used by UNEP-WCMC do not imply the expression of any view or opinion whatsoever on the part of UNEP-WCMC or the data provider concerning the legal status of any country, territory, or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

UNEP-WCMC will recognize and respect the intellectual property rights of the data provider and will maintain proper attribution to the organisation/indigenous people/local community named above, and source information on the data as provided to UNEP-WCMC.

UNEP-WCMC reserves the right to seek verification of the dataset from its partners, and to remove or withhold from the WDPA and/or ICCA Registry any data that cannot be verified.
